

ICAAM International Conference 2013

MONTADOS and DEHESAS as High Nature Value Farming Systems: implications for classification and policy support

6 - 8 February 2013 | Mitra Campus, Universidade de Évora

PROGRAMME

6th February: Management and classification criteria

09h00	Opening
09h10	Progresses in identification of HNV systems and the particularities of the Mediterranean systems <i>Guy Beaufoy, EFNCP</i>
09h30	The forest component in the Montado: requirements for sustainability <i>Nuno Ribeiro, ICAAM, Universidade de Évora</i>
09h50	Key factors for nature value in Dehesas <i>Gerardo Moreno and Fernando Pulido, Universidad de Extremadura, Plasencia</i>
10h20	Questions
10h40	<i>Coffee break</i>
11h10	Key factors for nature value in Montados <i>João E. Rabaça and Carlos Godinho, ICAAM, Universidade de Évora</i>
11h30	Constraints and opportunities of biodiversity management in dehesas: the perspective of private land managers. <i>Guillermo Rengifo, Finca "El Guijo de los Frailes", Extremadura</i>
11h50	Constraints and assets for managing the grazing pressure in the Montado <i>Manuel Cancela d'Abreu, Elvira Sales Baptista and Isabel Ferraz de Oliveira – ICAAM, Universidade de Évora</i>
12h10	Questions
12h30	<i>Lunch</i>
14h00	Sardinian agro-silvo-pastoral systems : management and constraints <i>Claudio Porqueddu, CNR-ISPAAM, Sassari, Sardinia, Italy</i>
14h20	Progresses in the Portuguese classification <i>Rui Pereira, GPP, Ministry of Agriculture</i>
14h40	Criteria for Identifying High Conservation Value Montados: the WWF classification <i>Miguel Bugalho, CEABN, ISA/UTL</i>
15h00	Questions
15h30	<i>Coffee break</i>
16h00	Criteria for identifying HNV Dehesas: experience from a WWF Pilot Project <i>Universidad Autonoma de Madrid</i>
16h20	Tentative identificatification procedure for HNV Montados <i>Teresa Pinto Correia and Mara Almeida, ICAAM, Universidade de Évora</i>
16h40	Questions and Debate on the selection of criteria and indicators for classifying Montados and Dehesas
17h30	Poster session (with short poster presentations)
18h00	Closure
20h00	Conference Dinner

ICAAM International Conference 2013

MONTADOS and DEHESAS as High Nature Value Farming Systems: implications for classification and policy support

6 - 8 February 2013 | Mitra Campus, Universidade de Évora

7th February: Field Trip

09h00 – 17h30 Field trip to different Montado types with participation of land owners and technical staff and discussion in the field

8th February: The policy implications

09h00 Assessment and improvements of the existing CAP measures for the Montado
José da Veiga, DRAPAL, Évora

09h20 Assessment and improvements of CAP measures supporting the Dehesas in Spain
Pilar Fernández Rebollar, Regional Government of Andalusia

09h40 The RDP experience in supporting extensive agro-silvo pastoral areas in Corsega
Antona Madeleine, Dépt. "Valorisation des Espaces Agro-Sylvo-Pastoraux", MACINAGGIO, Corsega*

10h00 Practices and policies for the agro-silvo-pastoral areas in Greece
Vasilios Papanatasis, Laboratory of Rangeland Ecology, Aristoteles University, Greece

10h20 Questions

10h40 *Coffee break*

11h10 Policy mechanisms to fit management requirements in the Montado: the agriculture perspective
Luís Bulhão Martins, CAP

11h30 Policy mechanisms to fit management requirements in the Montado: the forestry perspective
António Gonçalves Ferreira, UNAC

11h50 Aims and content of the Green Book of the Dehesa
Fernando Pulido, Universidad de Extremadura, Plasencia

12h00 Questions

12h30 *Lunch*

14h00 Valor acrescentado gerado pelo Montado
António Amorim, Corticeira Amorim

14h20 Strategic goals of a policy for the Montado
Paula Sarmento and João Soveral, Instituto de Conservação da Natureza e Florestas*

14h30 Proposals for the future RDP in Spain
Celsa Peitado, WWF Spain

14h50 Questions

14h45 Debate on the way forward
Guy Beaufoy, Fernando Pulido, Teresa Pinto Correia

16h00 Closure

* To be confirmed
